TRANSMISSION BUSINESS LINE

August 21, 2002

In reply refer to: TMC-DITT2

To Interested Parties and Customers:

The Bonneville Power Administration Transmission Business Line (TBL) will hold its next 2004 Transmission Rate Case workshop Thursday and Friday, September 12 and 13, 2002. As agreed upon at the August 14 workshop, we will discuss Ancillary and Control Area Services, review the revenue requirement, and discuss options for a transmission rate settlement.

The Transmission Rate Case workshop will be held in the Rates Hearing Room, from 9:00AM until 4:00PM, 911 NE 9th Avenue, Portland, Oregon. For those who would like to participate via telephone, we have established a phone bridge. To be connected, please call the bridge number, (503) 230-5566, wait for the beep and enter the pass code 9249#.

BPA will post an agenda and any handouts on our TBL website before the meeting. The website address is <http://www2.transmission.bpa.gov/business/rates.cfm>.

Be sure to bring photo ID with you as all those entering the 911 Building are required to sign in at the Security Station and show photo ID.

If you have any questions, please contact either your Transmission Account Executive, or Linda Harris-Proctor at (360) 418-8232, or via e-mail to lharris@bpa.gov.

Sincerely,

Nancy Parker
Transmission Business Line
